This page tells you who we are and what we do

The Coolock Darndale Adult Literacy Service is part of City of Dublin Education and Training Board (CDETb). We support our students with their reading, writing, maths, computers, and other basic skills that are holding them back.

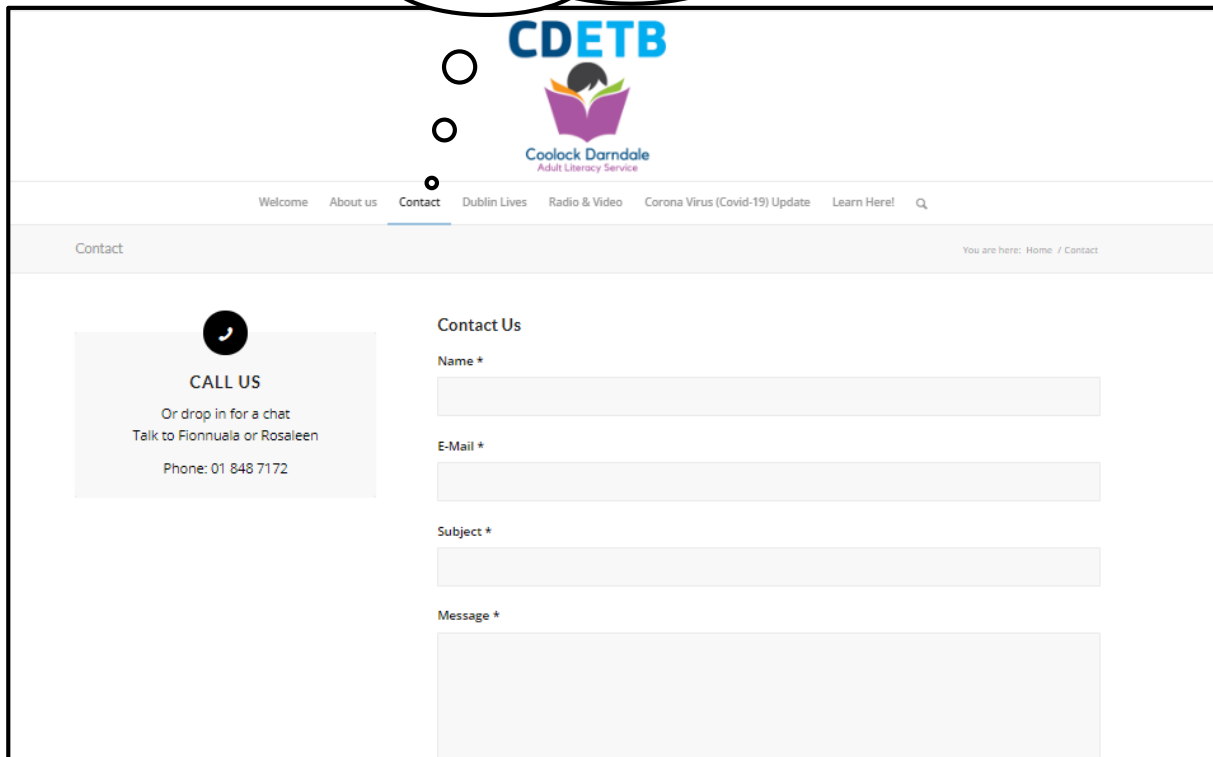

Our service operates in ten centres within the community. Students learn in one-to-one classes and small groups, accredited and non-accredited.

Groups usually have between four and eight students.

One-to-one classes are delivered by Volunteer Tutors who are fully trained and supported within our Service.

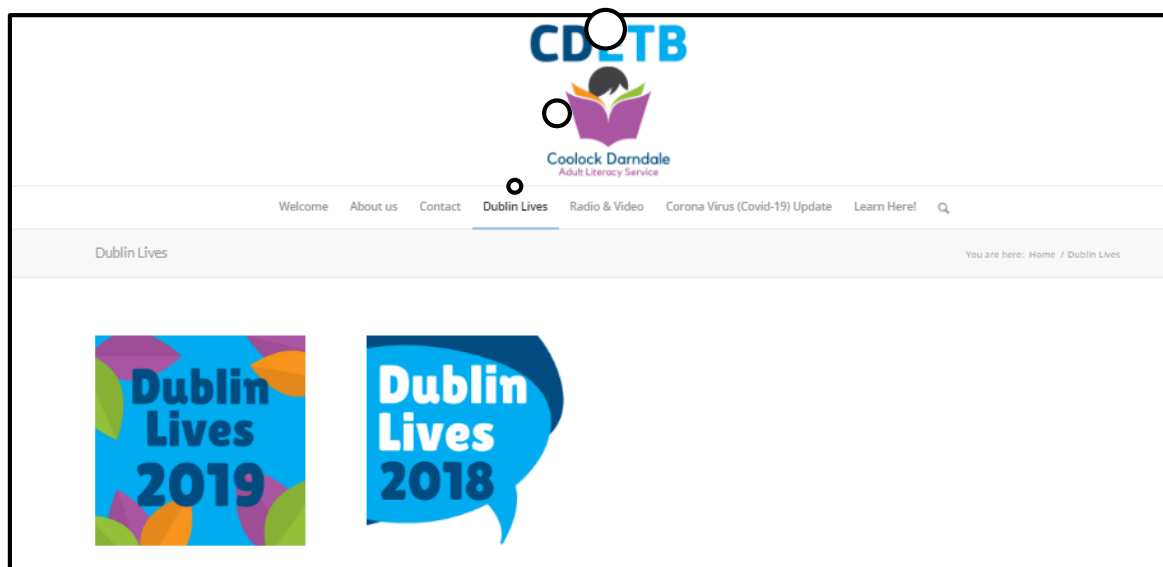

The Contact tab takes you to our contact details
